If you've never before used resources from *The Center for Learning*, you are in for a wonderful experience! These are the just the type of materials busy parish staff members love, because everything is prepared for you. These materials take you beyond “read the text; answer the questions”. They are rich in a diversity of methods, flavored with excellent quotes, prayers, poems, journal suggestions, and scriptures.

For grades 9-12 we have an entire series that covers the following topics: *Hebrew Scriptures, Christian Scriptures, Faith, Church, Conscience, Personhood, Commitments, and Sacraments*. Each of these topics is covered in an individual book and this material would be appropriate for adults as well. Also for high school students are a book on *World Religions* and one on *Sexuality*.

Looking for adult workshops, with all the planning already done for you? These six titles are excellent:

- *Belief and Practice, Adult Workshops*
- *Ministry and Leadership, Adult Workshops*
- *Praying with Scripture*
- *Understanding Scripture, Adult Workshops*
- *Transforming Parish Life: A Spirituality of Parish Leadership for the Twenty-first Century*
- *Transforming Parish Life: Reclaiming Baptismal Mentality*

We have four titles appropriate for small faith-sharing groups:

- *The Meaning of Hope*
- *The Meaning of Faith*
- *Scripture and the Truth of Our Identity*
- *Seek God's Face*, a scripture series

Marriage – The Early Years is a series of seven sessions for small groups of newly married couples.

Remember you can check out these resources from our library. We can even mail them to you for a small fee. It's a new year – time for some new ideas!
